

T-205 Tantalum 15cc plug, 99.95%

T-1008 Titanium 15cc plug, 99.8%

Advantages of Metal Plug:

- Easy to control oxygen during coating process.
- Increase the rate of evaporation.
- It can be repeatable use.
- Decrease changeover time from one process to another.
- Index is higher and film compact.
- Reduce spattering.

Application: High index Multi-layer A.R. coatings.
